

CONSCIOUS INCLUSION

IN THE WORKPLACE

An Actualize Program

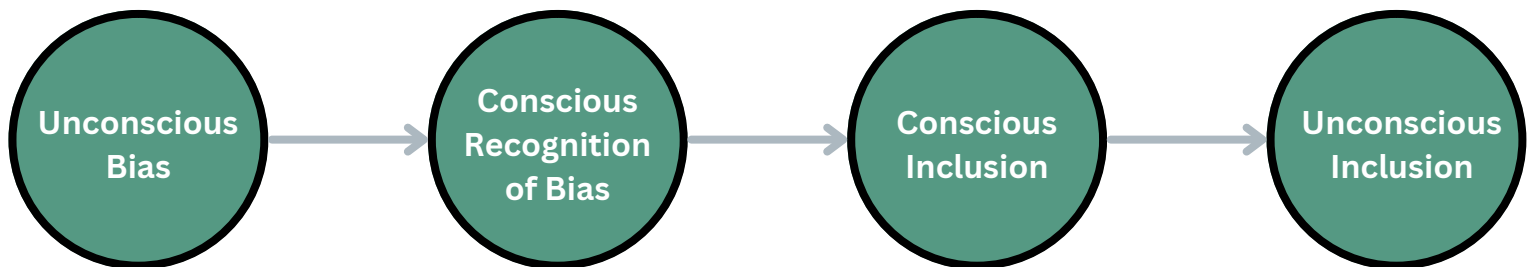

WHAT IS THE PROGRAM?

This half-day workshop focuses on helping companies identify biases and understand the impact of biases on their organisation.

The program offers insights into how to create an environment in which all voices can be heard and in which there is a willingness to accept a wide variety of view points.

The workshop is interactive and reflective, giving participants the space to reach their own conclusions and identify action points to move from Unconscious Bias to Conscious Inclusion.

The Journey

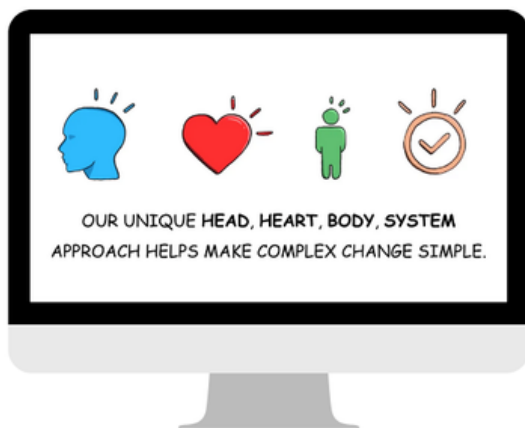

Our Approach

At Actualize, we have found that the only way to ensure the successful adaption of learning beyond the training room is through practice. We use professional role players with a business background for a truly authentic experience that brings lasting change.

All our programs are designed around our ethos of **Head, Heart, Body, System**.

The video below outlines our approach.
